

The American Institute of Architects Continuing Education Systems

AIA/CES Registered Provider Program Summary Handout

Provider: Nova Polymers, Inc.
Program #: 02SEGD
Program: Sustainability in Environmental Graphic Design

Length: 1 hour
Credits: 1AIA CES LU
HSW: Yes
Sustainable Design: Yes

Description: This course will educate the attendee about sustainable design practices, definitions, scenarios, materials and innovation

A/V Needs: Electrical power and screen for the PowerPoint slide presentation. The CES facilitator will supply the laptop and projector.

Learning Objectives: After completion of this course, participants will be able to:

- What is Sustainable Design?
- Understanding LEED Rating System
- Considerations for Environmental Graphic Design
- Strategies For EGD
- Case Study

Target Audience: Architects, specifiers, interior designers, owners and other design professionals. The ideal audience size can be 10-100 people. This program is intermediate and meets the needs of professionals at every experience level.

How Taught: The CES facilitator utilizes a PowerPoint presentation to provide an in-depth overview of Sustainable EGD practices, reviews rating systems, and concludes with case studies exhibiting strategies covered during the learning session.

Costs: There is no cost to bring this program into your firm or chapter meeting.

This course is an interactive session that encourages feedback and questions.
